2023 Product Catalogue

Candles to Hire

Bring a sparkling atmosphere to your event with our range of gorgeous hand made, eco-friendly candles.

Each one is hand moulded with care and attention and this creates an extra special charm.

They will burn for the duration of your function and generally don't drip as the wax will melt toward the centre of the candle.

Hire a candle base for extra protection to the tablecloth or place our candles into glass cylinders to add extra sparkle and finesse – advisable if placed in the wind.

Choose various heights to give interest. Select larger diameter ones for candles placed at a distance, e.g. a church/ auditorium
